

IN CASE OF AN OUTAGE CALL (605) 724-2323

1st

Check/Look at your main meter.

2nd

If the display is NOT lit up you do not have power and should call Douglas Electric. If your main meter display is ON, you should have power.

3rd

If the display is ON, you can check your breakers below the meter or the breakers in your house.

When reporting outages please give name of member and location to assist with prompt response.

4th
